

# What Are Your CORE VALUES?

**CORE VALUES** are the things you deeply value, the things you would be willing to die for, they are the priorities in your life, & hardwired into your heart.

## Ask Yourself These Questions:

- What stirs righteous anger in me?
- What makes me happy?
- In looking at my past experiences, do they tell me anything about what I value in life?

Put a check mark by all that apply to you in the list below. Ask God to help you narrow down your list by asking yourself, "What do I absolutely love, more than anything else?" Try to focus your list to between five to ten core values and list them in them below:
